KEA's 2000 Series Drum Mounted Two Stage Dust Collector to fit on top of 55 Gallon

Drum Cast aluminum housing and fan for spark free performance

Heavy-duty industrial strength TEFC Motor

KEA's continuous duty Drum Mounted Dust Collectors fits on top of any 55 gallon steel drum (optional)

The collectors utilizes a highly effective modified cyclone collection method: air is forced through the drum in a circular path allowing larger particulate to settle to bottom

Housing and fan blade are constructed of spark-proof cast aluminum for safety and low maintenance

3450 RPM MOTOR

- Permanently lubricated ball bearing
- Totally enclosed electric motors
- Engineered for continuous duty

FILTER BAG

- Appropriately sized: based on CFM
- 11 ounce polyester felt with singed inner finish to reduce dust caking
- 99% efficiency in filtering particulate five microns and larger
- Circular design allows for efficient air movement & maximizes filter area
- Bottom zippered opening for emptying

OPTIONAL ACCESSORIES

- Rigid ducting: Wye's, elbows, etc.
- iVAC on/off automatic switch box
- Large dust bags: fine dust applications
- Flame retardant dust bag
- Drum dolly with 3" wheels
- Inline spark trap: to knock down any sparks in air stream before collector
- Sound reducing muffler
- Steel 55 gallon drum

INCLUDES

- Fully welded 12-gauge mild steel lid
- Motor, aluminum housing and fan
- Aluminum air intake directional scoop
- 5' clear heavy duty urethane flex hose
- Filter bag, hose clamps, and elbow
- Made in USA

APPLICATIONS

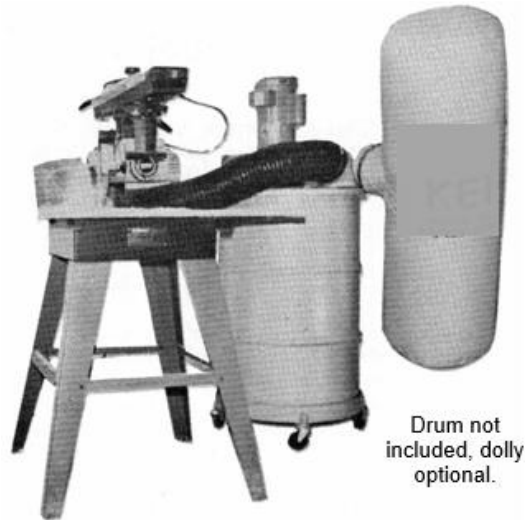

HP	Grinding	Woodworking	Buffing & Polishing
1/2	(2) 6" wheel or (1) 8" to 10" wheel	(1) 8" saw, (1) 6" jointer, or (1) 12" planer	(2) 6" wheels or (1) 8" to 10" wheel
1	(1) 10" wheel or (2) 8" wheels	(1) up to 8" jointer, (1) 10" saw, or (1) 15" planer	(2) 8" wheels
1 1/2	(2) 10" wheels or (1) 12" wheel	(1) 12" to 18" saw, (1) 18" planer, or (2) small sanders	(1) 12" wheel or (2) 10" wheels
3	(3) 12" to 14" wheels or (2) 16" wheels	(1) 18" to 24" saw, (1) 24" planer, or (2) large sanders	(2) 16" wheels or (1) 20" wheel

SPECIFICATIONS

Model	HP	Phase	Voltage	Start/Run Amps	CFM	Hose Size	Bag Model	DBA @ 5'	Weight
DCD.2005	1/2	Single	115/230	8/4	450	4"	201	82	62
DCD.2010	1	Single	115/230	11/6	850	6"	203	84	90
DCD.2015	1 1/2	Three	230/460	5/4	850	6"	203	84	95
DCD.2030	3	Three	230/460	7/4	1400	6"	204	85	110

Note: single phase motors include cord with inline switch & grounded plug
